How To Consign To Teletrade

Send a consignment of any number of coins with a minimum value of \$1000 or more to Teletrade via registered mail. Include this Teletrade consignment form detailing the denomination and date of each coin as well as its approximate market value (if known). Under normal circumstances, coins will be auctioned two to three weeks after we receive them. Prior to auction, you will receive an inventory report telling you which auctions your coins have been scheduled for and what lot numbers they have been assigned. If you have any questions, please call us at 800.949.2646.

If your coins sell in one of these additional auctions, you will only pay a seller's fee.

BUYBACKS (Unsold Coins). Teletrade does not enter minimums or reserves on behalf of consignors. Consignors are permitted to bid on their own coins, but they must do so by placing Buyback bids no later than one hour before the auction begins (see "Maximum Bidding" instructions on how to enter Buyback bids). Consignors will be charged a flat 5% fee (minimum \$5) on their full Buyback bid on any lots bought back in this manner. The maximum fee for any Buyback lot is \$100. **Please note: Consignors cannot bid on their own lots during the auction.** All coins that are returned to the consignor after not selling, whether it be after one, two or three auctions will be assessed the following charge based on how many lots are returned.
